

Tutoring

Mamaroneck Public Library recognizes the benefit to the students and parents of the community for tutoring to be allowed within the Library. Tutoring is an activity that relates to our role as an educational support center. The following policy is intended to provide a balance between the use of the Library by tutors and their clients, and the use of the Library by other members of the community. In order to assure that tutoring within the Library is in line with the Library's service to the community either the tutor, or the client must be a resident of Mamaroneck, with a library card.

Tutors are expected to restrict their use of space to an acceptable minimum and to observe all Library regulations. Library staff will enforce these procedures as necessary and may implement additional steps to assure that tutoring does not interfere with the use of the Library by others.
